

# PRODUCT INFORMATION TORPEDO ULTRA

## TORPEDO ULTRA – THE EXPERT!

The TORPEDO ULTRA has been developed for the daily use by professionals. Compared to the TORPEDO, it has even more powerful components with higher performance parameters. The powerful components move the water out of the pond to the desired discharge point via  $\varnothing$  50 mm hoses at very low noise levels. The compact design and the stable chassis make it easy to move even over terrain. In addition, the water flow path was optimised in 2020 and the residual emptying hose was revised. Together with the fully adjustable suction power regulation, these optimisations result in maximum flexibility in use.

For a greater operating range of the device the 12 m long hoses can be doubled to 24 m by means of extensions.

The TORPEDO ULTRA is the optimal equipment for cleaning larger ponds, natural pools and bathing waters.

- Tremendous handiness and excellent rolling features
- Large 70 l tank
- Robust materials and compact design
- 12 m long suction and drain hoses
- No service-intensive electronics
- Infinitely variable suction power
- Working noise of 64 dB (A)

### SET INCLUDES:

- TORPEDO ULTRA pond suction cleaner
- 12 m suction hose
- 12 m drain hose
- GRP telescopic rod 2.5 - 5.0 m
- Triangular floor suction brush,  $\varnothing$  50 mm
- Articulated floor cleaner,  $\varnothing$  50 mm
- Suction nozzle, round,  $\varnothing$  50 mm

TECHNICAL DATA	Item No. TORULTRA
SUCTION CAPACITY	20,000 l/h
OSM TURBINE	1,200 Watt
SEWAGE PUMP	1,500 Watt
WEIGHT (WITHOUT ACCESSORIES)	33 kg
SUCTION HOSE AND DRAIN HOSE	12 m each, $\varnothing$ 50 mm
VACUUM	260 mbar
DIMENSIONS	48 x 62 x 96 cm (W x D x H)
