

PRODUCT INFORMATION FANGO 2000

FANGO 2000 – THE ORIGINAL!

The FANGO 2000 is undisputedly the classic amongst pond suction cleaners!

In relation to its low weight and space-saving dimensions, the pond suction cleaner FANGO 2000 has a high suction power, which enables it to suck up sediments from a depth of up to 2.5 m. The tear-resistant and easy-to-empty net bag, which is installed inside the tank, separates coarser particles such as leaves and small stones before they can enter the pump unit. Compact dimensions, a favourable purchase price as well as a large range of accessories with versatile application possibilities are particularly appealing to private users.

- Very high suction power in relation to the unit size
- Excellent transportability thanks to sturdy chassis
- Ideal for private users
- Favourable price
- For pond sizes from 10-60 sqm
- Stable and compact design
- 10 m long suction and drain hoses
- No service-intensive electronics
- Working noise of 82 dB (A)

SET INCLUDES:

- FANGO 2000 pond suction cleaner
- 10 m suction hose
- 10 m drain hose
- Telescopic rod 1.2 - 3.6 m
- Triangular floor suction brush, \varnothing 38 mm
